Ryan Spellman MLIS

Proficiencies, Tools & Skills

Extensive front-line academic library user instruction

Well-practiced instructing users in-person, via live chat, and telephone on using range of research tools and databases. Examples include:
EBSCO Discovery Service | JSTOR | Gale Virtual Reference Library | CINAHL | ProQuest Nursing | Internet Archive | Newspaper Databases | Statista | NexisUni | LibKey Nomad | Zotero | Proper APA Citation

Proficient in large-scale project management techniques

Solid understanding of committee workflow strategies, effective appreciative inquiry skills, and professional experience administering communication, productivity, and task management tools found within:
Microsoft 365 | Google Workspace | Trello

Extensive virtual and hybrid collaboration tool experience

Microsoft Teams | SharePoint | Google Meet | Slack | Discord | Zoom

High-level front- and back-end experience with SpringShare

LibGuides | LibChat | LibCal | LibAnswers | RefAnalytics | LibInsight | LibWizard

Tutorial and documentation experience

Position at Ohio University Libraries necessitated developing tutorials for staff, which involved regular use of tools such as:
OBS | ScreenPal | LibWizard | LibGuides | Photoshop | InDesign | Adobe Premiere | Teams | Emma Marketing Platform

Proficient with Microsoft Office and open source alternatives

Excel (advanced) | Word | PowerPoint | OneNote | LibreOffice Writer | LibreOffice Calc

Professional graphic design experience

Photoshop | InDesign | Illustrator | Print and screen design techniques

Web design and development expertise

HTML5 | CSS3 | SASS | jQuery | PHP | SQL | Bootstrap | Git (CLI) | SSH | WordPress theme development | Joomla template development | LAMP server maintenance | Web Content Accessibility Guidelines (WCAG) | Writing for the web
